Foreign-Owned Companies

RANKED BY OC EMPLOYEES

The map and information here show the cities where Orange County's 40 largest foreign-owned companies—ranked by local employee counts—have their operations and overseas headquarters. Twelve cities and 13 countries are represented. Irvine hosts the most—with nearly half. Japan accounts for most of the local firms on the list, with one-third of the total.

Ownership of 93% of the companies are in Asia and Europe; parent companies of the remaining 7%—three firms—are in Israel and Australia. None of the 40 largest local operations are owned by firms in Mexico, Canada, South America, or Africa.

Orange County's community of business includes firms that are part of parent companies in one of the most populous countries in the world—India—but none of those cracked the list, which required a minimum of 200 local workers.
