Canaletto Ristorante Veneto, Newport Beach

Canaletto Ristorante Veneto, located in Newport Beach's renowned Fashion Island, offers guests the most authentic, complete Venetian dining experience in the country. Canaletto's sophisticated, welcoming Italian ambiance is highlighted by gracious and abundant hospitality, five-star service at every table and a diverse menu with choices for every taste.

Executive Chef Maurizio Mazzon has recreated the authentic foods from his Veneto, Italy homeland through signature dishes starting with classic Venetian breads served with extra-virgin olive oil and balsamic vinegar, fresh seafood, expertly prepared rotisserie and grilled meats, along with poultry and game specialties. *Salumi* cured meats, sliced using a Berkel gravity feed slicer to ensure the meat's flavor isn't changed through the slicing process (electric slicers can warm the meat during slicing) are available at an on-site Italian *Mercato* along with fresh oysters and shrimp, as well as seafood sourced for the restaurant's specialty dishes. Guests will enjoy the extensive menu of risottos prepared to order Veneto-style, housemade and imported pastas, authentic thin-crust Italian pizzas from a wood-burning oven, Italian salads and soups, seasonal *antipasti*, and a wide variety of regional desserts made on-site.

Canaletto's namesake is the famous 17th century Venetian artist Giovanni Antonio Canal, known for his large scale cityscapes of Venice. Echoing the painter's style, Canaletto's architecture was inspired by the great restaurants of Venice. The multiple-room interior is designed to comfortably fill the third place in guests' lives, between home and work, a place for a celebratory meal or an after-work drink.

Canaletto's menu, combined with its distinctive wine list sourcing great labels from the same region of Italy, results in a truly authentic Veneto-inspired dining experience for guests at lunch or dinner. Canaletto's expert staff makes guests feel immediately welcome and eager for their return to Canaletto's Italian hospitality.

For reservations, please call (949) 640-0900 or visit www.ilfornaio.com/canaletto.

The Beachcomber

The perfect beachfront location for your next event

The great thing about this time of year at the beach is that the crowds are gone, and you can grab a seat quicker at The Beachcomber in Crystal Cove. Beautiful Southern California beaches, colorful sunsets and an eclectic coastal menu, all three things converge in the form of The Beachcomber at Crystal Cove State Park. This vintage beachfront restaurant is the perfect location for company retreats, seaside nuptials, romantic dinners and a place that out-of-town guests will be talking about for years to come. At sunset every night, the staff gathers around the flagpole, with bugles playing in the background, to raise the Martini Flag to signify the start of "Cocktail Time." This flag raising is a Crystal Cove Historic District tradition, and one that the guests enjoy reliving while sipping one of The Beachcomber's signature drinks.

The Beachcomber is open from 7:00 a.m. to 10:00 p.m. and serves breakfast, lunch and dinner. Breakfast items, like the brioche French toast and beignets are offered, along with a variety of organic egg dishes like corned beef hash and eggs. Lunch items include the popular Kobe cobb salad and fresh roast turkey club, and the delicious Beachcomber Burger, served with bacon and cheese on an artisan onion roll with sun-dried tomato aioli.

Enjoy an eclectic coastal menu with a picturesque view of one of Southern California's most beautiful beaches

Sip one of The Beachcomber's signature drinks while watching the flag raising, a Crystal Cove Historic District tradition

During dinner, start with an order of tiny Ahi tacos or roasted French feta, then progress to the maple glazed salmon, pecan crusted barramundi or rib-eye & truffle mac, which is a 10 ounce ruby-eye paired with seasoned vegetables and side of wild mushroom and truffle mac and cheese. Grandma's Chocolate Cake with just the right amount of creamy frosting is the way to end a perfect meal!

From company retreats to seaside nuptials, The Beachcomber will keep your guests buzzing

Looking for your perfect wedding location? Look no further than Crystal Cove. Brides and grooms looking for a coastal outdoor wedding reception can reserve one of the special event cottages within Crystal Cove, where The Beachcomber can serve a custom designed menu overlooking the Pacific. Business Airplanes Make Business Sense

The result of the global efforts of the business aviation community has been a steadily improving understanding of business airplanes and the value they provide. Statistics reported by Aviation Research Group/US, Inc. show a 5.89% increase in domestic charter flights through the first half of 2010. The challenge now lies in continuing to build on this momentum by educating the public about all the reasons business airplanes can make perfect business sense.

It's a fact; companies that utilize business aircrafts outperform non-aviation users in several important financial measures, including annual earnings growth, stock and dividend growth, total share price, and market capitalization.

Successful business owners are consistently looking for ways to save costs and manage expenses while still maintaining focus on increasing sales revenue. The need for face-to-face time with your customers becomes ever more important. The business airplane is a multiplier of efficiency and productivity. For many business missions, it saves both time and money. People who fly on these airplanes are business owners, salespeople, engineers, and technicians who use the travel time to continue working, meeting with or assisting customers, and even make several stops in a single day. That's where we come in.

West Coast Aviation Services specializes in providing solutions to fit your particular travel needs, including aircraft charter, fractional shares, and whole aircraft sales and acquisition. Our team of aviation professionals will help you understand your profile and determine the best option for your mission.

As airline travel becomes ever less tolerable and less productive and the cost of travel remains of crucial importance, consider these options in order of expense:

- ◆ Charter is definitely the cheapest game in town. You can turn it on or off whenever you want to, with minimal commitment and maximum value for the dollar. West Coast's Southern California-based fleet is 22 strong and ranges from turboprops to midsize jets.

- ◆ A relatively small capital investment will buy you a fractional share of a King Air B200 or 350. This program provides guaranteed availability with six hours notice, no maintenance or management surprises, and priority access to the jet charter fleet at significant cost savings.

- ◆ For the ultimate in control and flexibility, whole aircraft purchase is the best option and the market has never been more buyer friendly. We provide consulting services for the acquisition of turboprops and jet aircrafts. Our experienced sales staff will work with you to evaluate your travel needs and will act as your agent throughout the negotiation and purchase process.

Whatever your choice, use this superb business tool boldly, wisely, openly and profitably and it will continue to serve you well.

There's nothing quite like an evening at Morton's. Whether you're celebrating as a couple or hosting a private party for colleagues, there is plenty to discover on the legendary menu and behind the bar, from succulent prime-aged steak, award-winning fine wines, and fresh seafood to chilled cocktails paired with great appetizers.

Morton's is dedicated to the pursuit of unparalleled service and sophisticated dining. In our Southern California locations, guests enjoy succulent USDA prime-aged beef, including Morton's juicy double porterhouse, signature New York strip, double cut filet mignon and Chicago-style rib eye.

Although Morton's made its name with steak, there are plenty of other delicious options, such as double rib lamb chops and the restaurant's famed Chicken Christ-opher.

And there's fresh seafood, including Colossal Shrimp Alexander, whole baked Maine lobster and Alaskan king crab legs.

Complement your entrée with a flawless chardonnay or a cabernet from Morton's awe-inspiring wine list, or get some lively libations from Bar 12•21.

Morton's Legendary Dessert and Bar 12•21

The perfect ending to a holiday celebration can be found on Morton's dessert menu, filled with sumptuous treats like hot upside-down apple pie, New York cheese-cake and our applause-worthy Legendary Hot Chocolate Cake. New to the dessert menu is our Legendary Sundae, which is three scoops of ice cream, caramel sauce, whipped cream and a cherry on top of the Morton's Legendary Hot Chocolate Cake!

And steakhouse dining isn't solely what Morton's has to offer – Bar 12•21 is an exciting place to gather for holiday cheer.

Sip in style at Bar 12•21, where the cocktails are smooth, the food is fabulous and the atmosphere is comfortable.

An evening in Bar 12•21 wouldn't be complete without Bar Bites. True to form, these selections put ordinary bar food to shame. Indulge in petite filet mignon sandwiches, chicken goujonettes, oysters on the half shell, blue cheese French fries, and our new smoked salmon pizza with capers and onions on a warm crust with dill sour cream.

For holiday parties or for any reason, Morton's private rooms are fit for any gathering. Morton's seasoned staff will ensure your celebration is seamless from start to finish and make certain no detail is overlooked. Just give the word and they'll be happy to fill a private room with special amenities, coordinate valet service or arrange an audio-visual package.

Five Tips For a Successful Corporate & Executive Travel Management Program

by Tracy Newton, Worldview Travel

A skilled Travel Management Company (TMC) will coordinate and manage all aspects of your corporate and executive travel – from flight to car rental, to hotel room, and more. Utilizing an experienced TMC will make the process as cost and time *efficient* as possible.

The cost of travel versus labor

Booking travel can increase the cost of your company's overhead by inefficient utilization of personnel.

Tip: For a fraction of the cost, it is wise to work with a Travel Management Company to manage corporate travel, compliance, and control of overall costs.

Finding VALUE versus a cheap ticket

Rather than focusing only on the lowest price, focus on overall *value* for each trip your employees take. Is it worth saving \$100.00 on a flight that does not get your traveler to a client meeting on time? A skilled agent can help you to determine this.

Tip: Work with an agent you can trust.

Maximize time spent planning travel

Travel planning is a full-time job that requires attention to detail. As a busy professional, you have a long list of tasks to complete during your day. So navigating the options can be frustrating and time-consuming. An administrative assistant may not be properly trained, or may be busy with other distracting tasks that generally lead to mistakes.

Tip: As a busy executive, it is recommended that you work with a travel agent that can get to know you and understand your needs.

Working with a reliable resource & developing a personal relationship

The human side of Travel Management can often be overlooked when cost savings is the primary objective. Your executive travelers should be able to establish a relationship with someone who looks out for his or her best interest every time he or she travels. You should work with an expert to help decipher the complex network of travel options and read the small print; your travelers should always be presented the most logical options at the time of booking – every time.

Tip: Make your selection of a TMC based on the agent skills and the assistance you receive from the team that will support you (*Ask for references, or get a referral from other companies at professional networking events*). Select a TMC that hosts a corporate booking tool for cost savings options.

There for you when things go wrong

Lost luggage? Delayed or cancelled flight? As an individual in a bad situation, you often have less bargaining power with airlines and hotel chains. Your TMC will be able to help keep your trip on track and get you where you need to be.

Tip: Find an agency that offers support from live local agents that you can connect with.
