<sup>1</sup> In millions.

NA - Not Available N/A - Not Applicable Note: Due to the right of privately held companies to withhold information, the Business Journal makes no pretense of this being a complete list. The information on this list was provided by representatives of the companies themselves. Companies are ranked by their percentage growth from 2008 to 2010. (Ties are ranked in order of 2010 revenue.) Revenue figures have been rounded. In order for a company to qualify for the list, a company must be privately held, for-profit, headquartered in Los Angeles County, in business as of Jan. 1, 2008 and not be a division or subsidiary of another company. Companies are also required to have at least \$5

million in 2010 revenue. Law firms and banks were not included because they do not report revenues in a conventional manner. To the best of our knowledge, this information is accurate as of press time. While every effort is made to ensure the accuracy and thoroughness of the list, omissions and typographical errors sometimes occur. Please send corrections or additions on company letterhead to the Research Department, Los Angeles Business Journal, 5700 Wilshire Blvd., Suite 170, Los Angeles 90036. ©2011 Los Angeles Business Journal.
