Few golf resorts in the world can match the extraordinary natural setting of the Boulders Resort & Spa in Scottsdale, Arizona. Twelve million years ago, a geologic eruption left a series of rock formations that gives this legendary resort its distinctive look. The two championship Jay Morrish-designed golf courses blend perfectly with the surrounding landscape and each course offers unmatched beauty of magnificent desert panoramas in the shadow of the unspoiled, ancient boulder formations. The North Course is par 72 with five sets of tees measuring in distance and slope 6811 yards/137 slope. The South Course is par 72 with five sets of tees measuring in distance and slope 6726 yards/140 slope. A three-story high boulder on the seventh hole of the South Course sits precariously atop a tiny one, just an arm’s length from golfers on the tee, while giant saguaro cacti stand like guardians. Indigenous plants like palo verde, mesquite trees, and varieties of cactus with vibrant flowering colors, add to the eye-popping setting throughout the resort’s 1,300 acres.

The resort’s signature hole is No. 5 South; where the green is carved from a dramatic rock outcropping, make it one of the most photographed holes in the country. It plays right up to the backdrop of a dazzling spectacle called the Boulder Pile, a massive group of rocks dotted with tall saguaros.

Don’t be surprised to see spectators on the golf course. No, not gallery-type spectators, these are wildlife—quail, cottontails, roadrunners, and maybe a friendly bobcat or coyote—that make their homes in the desert. As you can imagine, the Boulders has received dozens of awards and such recognition is proudly accepted and appreciated.

The Boulders Golf Academy offers private, one-on-one instruction with talented PGA and LPGA instructors. Customized golf events include glow night putting competitions, “Dine & Duff” golf programs, and more.

While staying at the Boulders Resort, guests embrace the peaceful environment where you feel like you are a million-miles from everywhere—at a place where you can relax in “splendid seclusion” with four swimming pools and a staff that makes you feel special with their desire to provide unsurpassed service.

Private Casita accommodations and 1-3 bedroom Villas include wood-burning fireplaces (a rarity at Arizona resorts) with private patios and breathtaking panoramic views. The Boulders Tennis Garden offers eight premier cushion and asphalt courts—even pickleball. If you want to take your game up a notch, tennis professionals conduct private instruction and clinics.

The 33,000-square foot Spa oasis is a quiet sanctuary with great attention to personal service and therapeutic treatments, such as massage and soothing baths for healing and wellness. There is a labyrinth; a fitness center; movement studio; an array of daily fitness classes; couple’s massage suites; a yoga studio; tea room; full-service salon and a Spa Café.

But, guests come to the Boulders Resort for more than just golf and spa pleasures. In addition to an endless array of first-class amenities, there are five on-site restaurants and the Discovery Lounge with floor-to-ceiling windows to watch a spectacular Arizona sunset. Outdoor activities include hiking or mountain biking on nearby trails over rolling desert terrain, rock climbing, hot-air ballooning, horseback rides, desert jeep tours, and custom tours including the Desert Photo Tour, the “Sonoran Explore” Tour, the “Walk the Rock” tour and Grand Canyon excursions. Nearby shopping in the towns of Carefree and Cave Creek welcomes you to the amusing Wild West.

For those that want to be a part of this prestigious golf community and enjoy all the amenities of this world-class resort, Boulders Golf Memberships are available. The Boulders Club has recently undergone many facility upgrades including the addition of an impressive outdoor dining space overlooking the 18th hole of both Jay Morrish designed golf courses. Plus, the men’s and women’s locker rooms have received complete renovations with upgraded amenities. The best part is, members are never asked to pay any assessments or food minimums. And, the Boulders Club offers 80% refundable initiation fees along with dues that are among the lowest in the market.

Explore Sedona Like Never Before

Sedona’s ‘Secret 7’ Offer a Unique Travel Experience

The Sedona Chamber of Commerce & Tourism Bureau last year launched Sedona’s Secret 7, an innovative campaign that reveals hidden trails and locations across Red Rock Country. The campaign gives even frequent Sedona visitors more reasons to return and extend their stay by providing a list of unfamiliar places. The Chamber also wants to move visitors away from trails that are heavily traveled in order to help sustain the natural resources for generations to come.

Sedona’s Secret 7 is broken down into seven categories:

- Picnics
- Sunrise/Sunset Vista
- Stargazing
- Spiritual
- Arts and Culture
- Biking Trails
- Hiking Trails

Within each category there are seven different places that offer a doorway to lesser-known parts of Sedona. These hidden gems allow visitors the opportunity to create a one-of-a-kind itinerary based on their interests. Sedona’s Secret 7 also offers secret tips, like the quiet site with sweeping sunrise views that goes mostly undiscovered by Sedona visitors, or best bets to find reflective pools of water after summer monsoons.

“The goal of the campaign is to attract visitors to new destinations in Sedona while aligning with the Chamber’s mission to promote sustainable travel. For those looking to visit Sedona, tips on how to be a responsible traveler can be found at visitsedona.com.”
