NA - Not Available  Note: Information was obtained from the California Office of Statewide Health Planning and Development (OSHPD) quarterly financial reports as of April 15. Data is audited and revised by hospitals, which could change rankings on the list. Net patient revenue is defined as total revenue less deductions for Medicare, Medi-Cal, and other third-party reimbursements and provision for bad debt. Operating margin is defined as net operating revenue divided by net operating income. Only short-term general acute care facilities are included. Hospitals are ranked by net patient revenue for the year ended Dec. 31. To the best of our knowledge, this information is accurate as of press time.
